- A) First offence one hundred dollars (\$100.00) with discontinuance of service until fine is paid.
- B) Second offence two hundred dollars (\$200.00) with discontinuance of service until fine is paid.
- C) Third and subsequent offences indefinite discontinuance of service and such fines as may be decided in Council by resolution.

THERE ARE NO RESTRICTIONS ON NORMAL HOUSEHOLD USE OF WATER.

Restrictions are imposed as demand on watering days has been nearly double normal demand resulting in the treatment plant running 24 hours per day and endangering the system's firefighting reserve. The demand must be lowered immediately to ensure public safety and maintain the water treatment system.

FURTHER NOTICE**
